

## **Family Faith Sharing.**

You might like to do this around a meal table one day during the week, or find a special time. You could use the gathering questions every day if you would like.

### **Gathering Questions.**

Ask each person to share their:

**High** - What was your high point for today/week?

**Low** - What was your low point for today/week?

**Buffalo** - Something strange or unusual that has happened? Could that be God?

### **Read 1 Corinthians 12:1-11**

I wonder what was your favourite part of the reading?

I wonder what was the most important part of the reading?

I wonder if it raises any questions?

I wonder if you have seen any of those gifts in the church or in your life?

I wonder if you think you have any of those gifts, do others agree with you?

### **Challenge**

This week keep the gifts in mind and see which ones you see people using. Make a list as you go along of the gifts you see in your family.

### **Prayer**

Loving God, thank you that you have given us all gifts. We don't all have to do our life alone, but you are there to help us. Help us this month to understand the gifts you have given us, that we can help to build the church. Amen.
